

Print out your number plate and add all the flair you need to succeed. Use the gray lines as your cutting guide, and use the 2 holes to attach the number plate to your handlebars.

Feel free to trace, cut, or even make your own numbers to add to your number plate. Add your favorite Strider logo(s) and #StrideOn! Don't forget to tag us in your photos. We can't wait to see your creativity and mad striding skills!
